Assessor Comments	A very good line of Angus Weaner Steers. 1 brand account of the breeder, small tail has been removed from theses steers (10%) Steers are well grown and show very good bone and breed type. Approximately 18 steers aged 10-12 months and 8 steers aged 15-16 months. Mouthed older steers and all showed good milk teeth. 3 steers show a small amount of cross from the neighbours bulls a few years back. 2 have slight pizzle and 1 has scurrs. Steers handled well in the yards - some did run around a bit on trying to load into the race. These steers have performed well for previous purchasers. Very suitable to take through to feeder markets or heavy kill cattle.
