	Typical of short weaned steers. would suggest buyer gives them a weaning program.
Handled With	Bikes , On foot , Vehicles
Assessor Comments	Buyers a nice line of Speckle Park sired Steers. These calves are sired by high quality sires. They are weaned how ever they have only had limited handling. These steers are only being sold due to an agistment block running out. These steers would be ideal to take onto feedlot, domestic or export processing weights given the right opportunity.
