Assessor Comments	A neat line of vendor bred Angus feeder steers that averaged 415kgs full (353kg-475kg) when weighed. With 10% tail removed they have presented as an attractive line of store condition steers that show plenty of frame, and are the perfect weight and article to go onto grain or, being grassfed and antibiotic free taken through to heavy grassfed kill weights. Please note: there are approx 5 steers with old eye scar in one eye
