Assessor Comments	24 vendor bred pure Orlanga Angus blood steers. A very even line of steers that have a tight weight range of 314-389kg to average 342kg at assessment. Bred from the Orlanga Angus herd that pride themselves on the temperament and structural correctness of their cattle with no exceptions for these steers. Currently grazing old lucerne stand and supplement fed oaten silage. Presenting in store condition and ideally suited to go onto grazing crops. Steers that would normally be kept and taken out to feeder weights but due to dry conditions are being offered for sale. Buyers, please note vendor has 30 lighter steers in the same sale.
