Calves are a pleasure to handle are quiet to work through the yards.

Assessor Comments: A very good line of EU accredited Angus Spring drop steers, Weaned and vendor bred. Sired by Landfall Keystone through AI and Dollar Angus bulls, Calves are a pleasure to handle. Calves that have plenty of breeding behind them and would grow into very good feeder steers or have the breeding in them to grow out to bullock weights. There are three calves that have old pink eye scarring and are non-detrimental. Calves are 275 kg curfewed weight at 9-10 months of age, there are another 12 steers in this sale from the same vendor and a good opportunity to put together a good deck load of steers from the same vendor.
