Vendor Comments

Due to the dry we offer for sale this run of well bred steers that we would normally carry through and grow to heavy weight carcase cattle for a Grass Program kill. Renown performance steers that generally mature into a quality high yielding caracse

	Quiet: 14 head
	Nice natured young steers that are respectful of their surrounds and people that are handling them, a pleasure to work with a quiet temperament.
Handled With	Bikes , On foot , Vehicles
Assessor Comments	A line of genuine forward store yearling steers that have adequate frame and solid bone which should allow them to mature into large frame steers given management. These steers although well bred are looking a bit dry and long in the coat due to the climate and season but are ready to respond to management and feeding. The vendor historically has grown out to heavy weights for a grass program kill, with success. Note - 1 Steer has a white belly that carries down off the udder. 1 Steer has a white eye which I have deemed not detrimental to its health (can be taken out at the buyers discretion)
