Assessor Comments	TOPS OF THE DROP - 64 Weaned Yearling Steers April/May/JUNE 2023 Drop. These large framed steers are bred from leading Morganvale sires and represent years of quality breeding. The steers present in forward store condition with dark rich hairy coats, good frame and bone. The steers are usually kept through until sept/oct and grown out to heavy feedlot cattle but due to adverse feed conditions the vendor has decided to offer the TOPS. Note 7 steers have been treated for pink eye with some still showing some cloudy eye.(Not detrimental) Don't miss out on a well bred quality line of steers in which previous buyers have had great success.
