Assessor Comments	A very good line of well grown No2 Brangus and Brangus Brahman cross heifers, joined to CPR registered Brangus bulls. The heifers were preg test by a certified vet on the 24th May 2024.with calves detected from 3 to 5 months. A vet certificate is included in this assessment with a full breakup. The heifers are bred from very good quality DeSalis Brangus cows. 3 black heifers have residual fly bite marks on there neck, which are no issue the the hfr at all. The heifers present in forward store condition with a recent backline on the 24th May 2024. The heifer are suitable as breeder replacements.
