Assessor Comments	Buyer an opportunity to secure a line of quality young Angus & Angus cross breeders with all of their life ahead of them. These heifers display desirable frame, softness, type making them ideal future breeders to produce quality offspring to suit domestic markets. These heifers are all preg tested back in calf to quality Angus bulls and 1 Speckle Park bull. The main run of these heifers are on their second calf with 5 of the offering on their 3rd calf. The heifers in this lot have had weaners taken off them and have produced top quality progeny with excellent weight for age, softness, frame and type. The heifers in this lot will not disappoint.
