|                       | Cows are respectful and pliable, as they have been rotationally grazed and handled quietly. Only one cow was skittish in the crush, but settled immediately upon release.                                                                                                                                                                                                                    |     |                                                                      |      |                             |      |              |      |

| Assessor Comments     | A line of young breeders purpose joined for a Spring calving, over a tight three week period . A random sample were mouthed with the yellow tags (2nd calvers) 2 and 4 tooth, and the purple tags (3rd calvers) 6 tooth. Genuine young breeders from a herd renowned for providing quality offspring to Angus feeder and slaughter markets. All cows are sound in the feet and legs.         |     |                                                                      |      |                             |      |              |      |
