Quality Grades		Store Condition	
Very Good	80%	Fwd Store	70%
Good	20%	Store	30%

Temperament

Yards	Crush	Paddock
Quiet: 32 head Slightly Stirry: 5 head	Quiet: 25 head Slightly Stirry: 12 head	Temperament not assessed in Paddock

Cows moved through the yard well when being drafted off the larger mob. Most of the cows that were mouthed were agitated while being mouthed but once through the crush and draft settled. It is worth noting that the cows had been in the yards for 5 hours and been up the race twice.

Handled With	Bikes , Dogs
Assessor Comments	37 PTIC Angus Cows. Cows are PTIC to Lawson bulls to commence calving in mid-August for tight 7 weeks. Cows are medium to mostly large frame presenting in forward store condition. These mature cows boast fertility but also resilience having stood the test of time with cows culled annually on structure. Bulls are selected with easy of calving in mind and a focus on 400DW. These seasoned females all had big weaners taken off them in April and can expect another high-quality drop of calves in August.
