Assessor Comments	12 PTIC vendor bred Shorthorn Angus cross cows. These 7-year-old cows are PTIC to Lawson bulls to commence calving in mid-August for tight 7 weeks. Cows are medium to large frame, in forward store condition and are sound in structure. Bulls are selected with easy of calving in mind and a focus on 400DW. These seasoned females all had big weaners taken off them in April and expect another drop of high-quality calves in August.
