Assessor Comments	20 top quality Angus heifers PTIC to low a birthweight 'King' Angus bull. These heifers show good growth for age and plenty of depth and constitution. They were purchased in early 2023 from the Forbes store sale as weaner heifers as part of the 'Waugan Park' dispersal. They have grown out to be impressive, mature heifers who are in ideal calving condition. They were joined to specialist heifer bull RHB21S42, from ' King' Angus bull stud for a 10 week joining. These heifers were a pleasure to draft and assess and would compliment any breeding program. Buy with confidence. Buyers note: 3 heifers with blue eye scaring that was considered not detrimental to their vision.
