Traits

1 Head White under navel

Assessor Comments	Part of a mob of 38 PTIC Angus Heifers that were joined as one group to a Bull selected as suitable to use over Heifers and are being offered in their Breeder lines. All Three Lots are what I consider to be square, solid types of a good medium frame and match up evenly for phenotype. They are in healthy condition showing plenty of bloom, having enjoyed excellent Autumn feed conditions. There have been no recent Vet. treatments. This particular lot were bred by South Gippsland Breeder, "Jeetho Farms", out of Te Mania blood Cows by Te Mania Bulls. A very even, neat line of Heifers.
