Notable Traits

	Traits
3 Head	Pure Angus cows had white patches on their udders.

Assessor Comments: 24 x 24 beautifully bred Angus and Broken Black Baldie cows with 'Langi Kal Kal' bld Angus CAF. These 2018 and 2020 Spring drop cows are doing a great job on the calves, presenting with plenty of milk. They were a pleasure to handle around the yards and are offered for sale due to no fault of their own. They have not had an opportunity back with the bull. Cows are good medium frames with plenty of bone and condition behind them heading into the winter months.
