	The cows handled well and the Ferguson cattle always do. The first cow out of the crush stirred up slightly in the yard, having said that she was on her own.		
Handled With	Vehicles		
Assessor Comments	Breeders cattle only being sold due to the ongoing dry conditions. EU Accredited and in most grass fed programs. These cows present in very good condition considering the season and are doing a good job on their calves. 25/30 cows are 7YO. Large frame cows with plenty of weight so you can see the potential in their progeny. NSM and ready for the bull of choice. Calves marked at assessment. All cattle drenched at assessment.
