Assessor Comments	Complete dispersal of well bred EU young cows with CAF. The sale of these cattle is due to the dissolving of a family partnership. These cows show good length and depth, and considering the season, are doing a great job on their calves. These cattle have all been purchased from the Naracoorte Angus Feature Female Sale's as PTIC heifers. The cows and calves handled very well in the yards, and are of good temperament. Here lies a great opportunity.
