Assessor Comments	Complete dispersal of well bred EU young heifers with CAF. The sale of these cattle is due to the dissolving of a family partnership. These young females show good length and depth, and considering the season, are doing a great job on their calves. There strong in condition and show signs of good breeding, being purchased from the top end of the Wittalocka draft of heifers at the 2022 circuit sale as weaners. The heifers and calves handled very well in the yards, and are of good temperament. A great opportunity to buy proven young females, with years of breeding ahead of them.
