Assessor Comments	Buyers due to a change in management direction The Timbs Family are having a complete flock dispersal. These ewes present in out standing condition are have been all scanned in lamb the day prior to assessing. With most ewes heavy in lamb. Ideal line to lamb down and split as you have a very heavy ewe. These ewes have been joined to Suffolk, White Suffolk & Charolais Rams. Please note any ewes that look to be uttering up will not be loaded. Vendor also has a line of White Suffolk & White Suffolk X ewes in the same sale. Due to the advanced stages of pregnancy I would advice not trucking these ewes extended distance or loading them to tight.
