Assessor Comments	Buyers, to be offered for sale are 150 Merino Ewes SIL to Ridgehaven Poll Dorset Rams. These ewes were purchased as genuine NSM flock dispersal sheep. Kerin Poll Merino blood, these ewes have bounced away very quickly since being on good productive feed and a warmer climate and I have no doubt they will continue to move forward. This is reflected in their joining with a scanning result of 152%. Due to commence lambing at the end of June for 6 weeks. Ewes display medium to large frames and long plain bodies in forward condition. They are February shorn with a stylish white and bright fleece. These ewes are Gudair vaccinated. They have been drenched, vaccinated and jetted with Coopers fly and lice. These sheep are genuine mixed ages 2019-2022 drop. Very odd ewe with scur. Multiples identified with dot on back. A great opportunity to purchase an article of one mark Merino Ewes SIL for at a very solid 152%. A trading opportunity awaits.
