| Assessor Comments        | Ercildoun Farms will offer a neat line of 125 SIL Merino ewes. These ewes, to average 68kg, are bred from 'North Ashrose Merino' bloodlines. 'North Ashrose' are renowned to be sound in conformation and have strong carcass and meat traits, along with quality, well-nourished fibre whilst maintaining fleece weight on a plain-bodied (20.2 average micron) Merino. To commence lambing later June for eight weeks, these majority large frame matrons offer a great opportunity to purchase a line of classed in mid - north South Australian genetics with 65% to multiples. Ewes to be tagged with post breeder tag before delivery. |
