Assessor Comments	Front Paddock ewes!! Impressive line of ewes purchased EX NSW 2021. Vendor regretfully selling as loss of lease country. Highly productive ewes having weaned 150% + in previous years with the lambs continuously 30kg + at 10 months of age. Buy with confidence. Young ewes with exceptional breeding and size. Vendor selecting and using only the best rams with positive 2 for eye muscle and + 15.5 pwt and some stud rams used purchased ex Newbold stud. You won't find better prime lamb mothers. Big frame productive ewes like this with 90% of the job done do not come on the market often.
