Assessor Comments	Very neat line of ewes. Vendor regrettfully selling as loss of lease country. Highly productive ewes having weaned 150% + in previous years with the lambs continuously 30kg + at 10 months of age. Buy with confidence. Ewes with exceptional breeding and size. Vendor selecting and using only the best rams with + 2 muscle and + 15.5 on pwt. Some rams used were stud rams purchased ex Newbold stud. Big frame productive ewes like this with 90% of the job done do not come on the market often.
