Assessor Comments	A very good quality line of 44 weaned, vendor bred Angus x Angus steers that are showing good weight for age , softness, thickness and all the true characteristics of well-bred Angus cattle that will grow on to suit the market of your choice. These weaner steers weighed 254kg to 343kg to average 305.6kg 16 hours off feed. Please note that no allowance for weight loss has been made for weaning, which followed assessment - make your own allowance. Our vendors pride themselves on investing in the best genetics and producing quality cattle that are a pleasure to handle and that will perform going forward. These cattle have the agents highest recommendation.
