Assessor Comments	A very smart line of Coolac Cattle Company vendor bred Angus steers. These steers are the lead 50 of 740 steers from the Coolac Cattle company very rarely sold at this weight. The "Cooininee" cattle herd are outstanding commercial cattle using top Rennylea & Te Mania bulls in the top 5% for IMF and top 10% for growth. The steers show good bone, length, depth and type. Real performance cattle that are highly sought after and purchased by Rangers Valley every year. Four steers noticed with small pink eye scar but can see fine out of both eyes. These steers are from a farm that has done its emission baseline with Ruminati. A free Ruminati subscription and the steers data is available to share with the purchaser of the steers.
