	Very quiet steers, the cattle on Ellendon are very well educated and move through the yards with ease. Only a handful of steers showed eagerness to leave the crush and return to the mob.

Assessor Comments	An excellent line of 54 x August/ September 2023 Drop weaned Angus steers. Weaned and educated in late March this group represents the lead of the 23 drop Ellendon steers. Rennylea and Hazeldean Blood, these steers come highly recommended. The steers are being offered to provide room for the main group of steers. Ellendon has consistently sold heavy feeders to the market at 13/14 months of age. The steers are very good to handle and will move ahead given the opportunity on pasture or crop. Soft steers with plenty of bone, weighed out at 290kg plus.
