Assessor Comments	3 Lines of EU Accredited, Hazeldean Blood Heifers that unfortunately did not join up last year due to seasonal conditions, These heifers were selected as breeders as yearlings and all these heifers successfully reared a calf last year, The vendor has been using top end Hazeldean Genetics for some years now and the progeny have been keenly sought after by both Grain & Grass finisher's, The heifers present a great opportunity to rejoin for calving that suits and capitalize on the genetics these heifers have in them or turn out for a grass or grain program, 25% of each lot were mouthed and all heifers had 2 teeth through to freshly cut 4 teeth
