	They were all pretty good to handle, some a bit fast through gates but all flowed into the race without any issues. All stood on the weigh platform while being weighed with no issues, one got excited though was fine once released.		
Handled With	Bikes , Vehicles		

Assessor Comments	47 Angus steers and one BB (which can be removed if the buyer wants it out) all weighed 360kg full - 434kg to av 385kg full. The steers were purchased from Aohia Australia Pty Ltd in NSW on the Aug 23, born in Dec 22 - Feb 23 and were described as Coffin Creek, Booramoolka and Eagle Hawk genetics. They were all hooked drenched with trifacta 2 weeks ago. I first thought they would be 40kg heavier though they are all frame and no fat cover. Over the last 4 weeks they have slipped due to the dry conditions and appear ideal to put onto feed. Well bred steers. Please note the vendor has the lighter 56 steers in the same sale.
