Assessor Comments	Buyers on offer are 84 weaned Charolais cross steers, These steers come with high compensatory weight gains given the right opportunity. Steers stand on good bone and show plenty of softness, Steers are ideal to background and take through to heavy feeder weight suiting the domestic/exports markets, or take through to grass fed bullocks. Steers were weaned early due to the on going dry conditions on the 6/12/2023 with steers just starting to bounce away now. Buyers please note Buffalo fly was present on cattle at time of assessment. Steers are sought after by previous purchases and come highly recommended, With the "Guandah Grazing" having great success competing in carcass competitions throughout Queensland.
