Assessor Comments **EU accredited & PCAS Eligible** Antibiotic Free & Grass Fed Only. TOPS OF THE DROP. These 49 2023 April/May drop angus heifers avg 318.7kg at assessment. These heifers were the retained heifers kept from last years calves as future breeders. All other heifer calves were sold in the January weaner sale in Naracoorte at the start of 2024. Boolara keep the top draft of their heifers year in and year out as breeders, but due to no rain and the lack of feed these heifers are up for sale. Raised by exceptionally well bred cows with large frames and carefully selected Pathfinder Angus bulls, these heifers will perform and are a pleasure to handle. These heifers represent a great opportunity to start or add to an existing herd. Please note light warts on a small amount of heifers.
