	Traits
1 Head	While spot on face

Assessor Comments A line of 30 Black Angus Heifers that are quiet to handle. These heifers are 14 to 15 months in age and have not been with any bulls. The Vendor has been on Hazeldene bloodlines for many years. They present in plain store condition and are fat score 1 and 2's. They are small to mainly medium in frame and there are 5 to 6 head in the mob which present in very plain condition, this is a sign of the very dry Autumn conditions we are experiencing. However, they are fit and able to travel. This sale is due to surplus of requirements of the operation. With some food and growth, these heifers will one day make good breeding cattle to suit any operation. Please note: the same Vendors have a line of 63 steers on offer in this same sale. An ideal line to put together a B-Double load.
