Assessor Comments Top of the drop retain heifers only being offered as they are the final component of the dispersal of the Autumn calving herd off Cumberoona. Young females with all their breeding life in front of them and given the opportunity will develop in to volume breeders in the image of their mothers. Many decades of breeding quality Angus in the hills of the South Eastern Slopes utilising proven bloodlines from within Rennylea, Dunoon and Shacorrahdalu Angus genetics. Calves at foot are by Dunoon and Shacorrahdalu bulls and boast 22 bull calves and 10 heifer calves so on a winner from the start. For genuine sale, a great opportunity to add quality to an existing herd or establish a new breeding program from a high end breeding operation.
