Assessor Comments	Fowles Farm presents a line of SIL Pure bred Wiltipoll and Australian White x Wilitipoll 3-4 year old ewes. Ewes were scanned 16/05, scanned to 167% in lamb (comprising of 60 multiples and 30 singles). These ewes are scanned in lamb to Ivaldene and Aberdeen Poll Dorset rams. Rams went in 20th February and were taken out on the 2nd April. As visible in the photos, these ewes show an exceptional ability to shed wool. All ewes lambed successfully last year. A great opportunity awaits to buy low maintenance young ewes, with a high lambing percentage.
