Assessor Comments	An outstanding line of 200 SIL young breeders from a top line program. There is two lines of 200 of these lms which will be run through the gate. Tops of the drop, these ewe lambs are very well grown, in excellent condition, from great breeding and have scanned in lamb to quality AW rams for a late winter lambing. Ideal for flock improving or establishing a new flock, I'd expect these ewes to perform in any country. Great opportunity to put good numbers together as vendor has a total of 1235 SIL ewe lambs in this sale in 6 lots. All ewe lambs have been EID tagged & all lms are weighed through an auto drafter.
