Assessor Comments	An nice line of 115 quality SIL young breeders from a top line program. 3rds of the drop, however only lighter lms of the complete drop because majority of this line are out of LY's ewe lms..These ewe lambs are in excellent condition, from great breeding and have scanned in lamb to quality AW rams for a late winter lambing. Ideal for flock improving or establishing a new flock, I'd expect these ewes to perform in any country. Great opportunity to put good numbers together as vendor has a total of 1235 SIL ewe lambs in this sale in 5 lots. All ewe lambs have been EID tagged & all were weighed through an auto drafter.
