Assessor Comments: A line of 78 weaned Angus and Charolais cross steers which present in perfect condition to power ahead. These steers have been yard weaned and are bred on light forest country. Sired by Glenoch Angus bulls and Clare Charolais bulls over predominantly grey Brahman and Brangus cows. On assessment these steers were very good to handle through the yards. Please note that the steers were spilt between 2 different sets of yards hence why photos are different. Overall these steers have a lot of compensatory gain and the good genetics behind them to grow well. Note vendor also has a line of heifers in same sale
