Assessor Comments	***EU*** Annual draft of Angus steers ideal to feed on with either grass or grain. Sired by Wattletop Stud Angus bull bred from Angus cows. Cattle have performed well on native pastures with a considerable compensatory gain available given the right opportunity. Steers stand on good bone and present buyers with a class article to take onto either heavy kill weights or directly to feeder markets. Treated at assessment with Bovi-Shield MH-One - 03.06.24. Previous drafts of these steers have been purchased by major NSW & Qld feedlots.
