	These cattle have had a lot of handling and are very good to work with, in the yards. An odd steer will look for the gate , no aggression, and a handful of steers were slightly agitated in the crush but settled very quickly with the mob. Very well handled XB steers

Assessor Comments	A good B Double of growthy Brangus type steers. These steers have had a 6 week start onto oats and are healthy and ready to put weight on quickly, on either crop or grain. Please note the long curfew and the cattle looked quite empty at assessment. Good cattle to handle
