These weaners behaved as expected considering they were just weaned off their mothers. The old heifer moved quick off the scales however settled quickly back into the mob. No malice. They will be handled daily up until delivery. Cattle sold off “Trevalynn” are good to handle.

Assessor Comments	28 Angus X Black Simmental heifers that were weaned at assessment. Sired by Sugar Loaf Black Simmental Stud Bulls. October/November 2023 calves. In light condition however strong and healthy. Plenty of stretch, bone and shape due to Simmental influence. They should suit various markets from local trade/supermarket through to heavy feeder heifers. Or grow out for future breeders - with the Simmental influence they make good mothers and milk very well. Ideal heifers for winter crop or supplementary fed heifers. Out of medium to large frame cows & heifers and given the chance should mature into good frame cows. Antibiotic Free and eligible for Grass Fed markets. Lots of upside to these young heifers. NB Vendor has 28 weaned Steers (brothers) in same sale.
