Assessor Comments	A neat line of well bred Angus Weaned Steers. These steers are a Aug-Oct '23 drop. Bred out of a very good Tablelands cow herd based on KO and Gilmandyke bloodlines and AI'ed to Rennylea L519 and backed up by Bongongo Angus Bulls. Steers have really done since weaning and moving onto improved pastures and give the buyer an advantage with these steers really on the do. Av 313kg full and having a very good frame and length they will grow into ideal feeders or grow out to heavy kill weights!
