These steers were easy to handle through the assessment. Very odd steer got agitated when being worked through the race & crush. They have been handled and moved regularly.

Handled With	Bikes , Dogs , Horses , On foot , Vehicles
Assessor Comments	Black Baldy steers, predominantly Rennylea Angus blood which weighed 252-426kg to average 320kg after a 5 hour curfew at assessment. The steers have done very well this year and present in ideal condition to background on to heavier weights. They would be ideal to take on to heavier feeder weights or will go on to become excellent heavy grassfed kill steers being Greenham Never Ever and Teys Grasslands accredited. A large tail end was removed from the line. Previous purchasers have always been very impressed with the performance of these steers - buy with confidence! Please note; vendor also has a total of 288 steers being offered in today's sale in three lots.
