Assessor Comments	Excellent quality draft of steers that were all weighed above 295 kg and look a picture. These steers were weaned early from vendors northern property and have been in containment since, these steers have done extremely well and with all the hard work done should continue to do well for prospective purchaser and despite being on feed are not over done with condition. The "Yammatree" cattle have a great reputation with many feedlots and we have had great feedback from past purchasers.
