Notable Traits

Traits

Assessor Comments	Nice quality draft of Yammatree heifers in a very tight weight range of 360-470 kg and there being 144 total in this draft to be sold as two even runs out the gate . These Heifers were weaned early from vendors northern property and have been in containment since and have done extremely well with all the hard work done. These heifers are ideal to continue onto heavier weights being very much accustomed to a feedlot environment. . The "Yammatree" cattle have a great reputation with many feedlots and we have had great feedback from past purchasers.
