Assessor Comments	***Tops of the drop - None retained***Annual draft of RP&JS Newnham weaner heifers. These tops of the drop heifers all weighed in a tight 300-380kg bracket (full) and are of excellent quality. Heifers are The Glen & Ardrossan blood and show great growth, depth and frame for age. Cattle are well weaned and are on the move on silage and access to grass fed pellets in lick feeders. The Newnham cattle often enjoy support from repeat buyers and make ideal future breeders, backgrounding or grass fattening heifers. Greenhams never ever accredited. Outstanding temperament.
