Assessor Comments

15 Dunoon Angus blood steers that Average 206kg curfewed. These steers would normally be grown out to heavier feeder weights and are only being offered due to the dry conditions locally. They have been weaned for four weeks and handle very well through the yards. These steers are from a noted performing herd, with bulls purchased from Dunoon Angus in the top 10% of the catalogue. These steers will grow into exceptional bullocks given the opportunity. Buyers please note another draft of 25 heavier steers also available in this sale.
