Assessor Comments	Buyers a good opportunity to secure a 2 deck line of Good Quality young crossbred Cows and calves .Cows are predominately first calvers with a scattering of middle aged cows, they are doing a great job on their calves sired by Charbray, Brangus and Brahman bulls and are showing their fertility with 75% being a 3 in 1 package back in calf to Black Simmental and Angus composite Bulls .Cows were originally purchased from North West Queensland (predominately Mt Emu Pastoral)as Ptic last year and are now coming to market due to a change in direction for Vendors. These cows predominately show the Quality, fertility and breeding to be an asset to most herds as they have the whole of there life in front of them. Please note 1 cow has old blight scarring in one eye ,several show old fly rub marks and 1 heifer calf with small dog bite on hind leg none of the above considered detrimental, Vendor has 3 lots of pregnant sisters this sale
