Assessor Comments	A neat line of 11 PTIC Shorthorn heifers joined to a Low Birth Weight Bongongo Angus Bull for an early spring calving. This is a dispersal sale of the "Brentwood" Shorthorn breeding operation which has been in place for a number of years. These heifers show good length and style for their age and would be the perfect article for a smaller operator to take on; or would add to any larger herd. These heifers have a number of years of breeding behind them being Yamburgan & Webollabolla Shorthorn bloodlines. Please note the same vendor is offering 11 PTIC Shorthorn Cows in this sale and 14 Shorthorn Weaners in the Weaner & Yearling Sale.
