Assessor Comments	On offer is a good line of 11 PTIC Shorthorn cows joined for an early spring calving. This is a dispersal sale of the "Brentwood" Shorthorn breeding operation which has been in place for a number of years. These cows are joined to a high quality Bongongo Angus bull selected for its high growth data. These cows also have good genetics behind them being Yamburgan & Webollabolla Shorthorn bloodlines. These are fertile, good framed cows that are in the prime of their breeding lives. Please note the calves on these cows will be weaned at delivery. Also note the same vendor is offering 11 PTIC Shorthorn Heifers in this sale and the calves of these cows in the Weaner & Yearling Sale.
