Handled With	Cows are well handled and flowed well through older style yards. Bikes , Dogs , Vehicles
Assessor Comments	Well bred Angus x cows that are 3rd generation Angus and PTIC to quality Milwillah blood bulls. Cows have good breeding and are run at high stocking rates with sheep and in my opinion are better breeding than weight suggests due to stocking rates. Progeny purchased from these cows in previous years have reached export kill weights. No white face cows retained. Solid medium frame with good bone in breeding. Good young cows. Please Note: Preg tested by a professional Vet on 28 of Feb They ARE PTIC NOT JUST STATION MATED.
