	A pleasure to handle and assess. These females wandered through the yards very well. A couple were a bit more nervous and agitated when isolated but settled quickly in the mob.

Assessor Comments	This Yellow tag line of heifers & calves are very impressive, they are big & roomy. They will continue to furnish into great matrons. They are predominantly 'Kangaringa Station' SA Bred, with 5 very good Macdougall Adelong bred heifers to complete the line. These heifers were selected out of the January feature female sale for their confirmation, temperament & tight calving period. Very even, marked calves at foot by Rennylea Angus bulls. These heifers are not rejoined, and are cycling ready for the bull of your choice. Highly recommended. Please note Vendor has 2 other lots in the sale totalling 109 Heifers & Calves.
